The Department of Revenue conducted extensive research and determined it was more cost effective to convert to a central issuance process for issuing driver and nondriver licenses. If the Department continued using the over-the-counter process, it would require an estimated \$2.1 million, while converting to central issuance would only require \$680,000 in postage. The Department will begin mailing licenses to its customers in October 2011, therefore, the Fiscal Year 2012 request is only \$390,963. The Department will request the remaining core funding in Fiscal Year 2013.

The existing printers used by the Department of Revenue and License Offices in coordination with TRIPS were installed 10 years ago. Maintenance costs increased 282% from Fiscal Year 2008 to Fiscal Year 2010. Cost of mainteance for some printers was double the cost of a new printer. The Department evaluated the outright purchase and on-going maintenance, and determined it was more cost-effective to lease.
